 - Content Library – long-term content curation
 - Multi-client architecture and agency dashboard
 - 3 Premium projects – each a full brand workspace
 - Client sub-accounts and reporting
 - Priority email and chat support

ADDITIONAL PROJECT TIERS

Because no two clients are the same, we have created three price brackets for additional projects.
Each 'action' = a piece of content created/optimised, or a marketing/media intelligence search, per month.

Standard

£500 /yr per additional project

Premium

£650 /yr per additional project

Max

£800 /yr per additional project

DECISIONS CONFIRMED — SPENCER, PATRICK & NATALIE

Environment

~~Ø = Yes~~ **Live demo frozen from July 2026**

No structural changes to the live platform until cutover. All build work on staging only.

Dependency order

~~Ø = No~~ **Staging first — everything else depends on it**

Staging environment must be fully set up and verified before login, payment, or permissions work begins.

Access control

~~Ø = No~~ **No admin approval gate — Stripe payment = access**

Manual admin approval queue removed. Completed Stripe payment is the only gate. Admins can grant a free-access flag for beta/demo accounts.

Terminology

~~Ø < Reseller~~ **Agency/Partner (not Reseller) in all user-facing strings**

"Reseller" does not appear anywhere visible to users.

SSO

~~Ø = Yes~~ **Microsoft Entra ID — not Teams SSO**

"Sign in with Microsoft" using Microsoft Entra ID (formerly Azure AD). "Teams SSO" is not used.

Seat limits

~~Ø = No~~ **3 seats per account across all non-master tiers**

Agency/Partner: 3 seats. Client accounts: 3 seats each. Standalone clients: 3 seats. All limits are configurable per account in the DB.

Security

~~Ø = No~~ **MFA mandatory for master accounts (TOTP)**

Time-based one-time password required for all master-level accounts. Not enforced for other tiers at launch.

Data retention

~~Ø = Yes~~ **Hard-delete: 30-day recovery; financial records 6 years**

Deleted accounts/projects move to soft-delete for 30 days before permanent removal. Financial records retained 6 years (UK accounting law).

Deferred

~~#Ø~~ **Post-launch deferrals confirmed**

Multi-workspace membership, dormant project storage fee, and seat add-ons are all deferred to post-launch.
